

Team Name: sdmay21- proj44

Team Members: **Christof, Logan, Cortland, Keve, Eric, Nolan, Brian**

Report Period: Oct 12-Oct 18

Summary of Progress in this Period

- Presented Solar Cost analysis findings to mentors
- Asked questions about the voltage drop tool and got clarification
- Made good progress on Voltage Drop Calculations

Pending Issues

- Complete design document v2 as a group
- Complete Voltage Drop calculations so they are ready to present
- Complete lighting talk about technical challenges

Plans for Upcoming Reporting Period

- Meet with mentors again to introduce new tasks
- Receive feedback on our voltage drop calculations and solar cost analysis
- Begin to work on getting the presentation aspects of our project ready – website and presentation recordings
