

Team Name: **sdmay21-proj37**

Team Members: **Christof, Logan, Cortland, Keve, Eric, Nolan, Brian**

Report Period: **Oct 19-Nov 1**

Summary of Progress in this Period

- Completed design document v2 and received feedback from TA
- Got introduced to a new tool, the trench fill calculator by our mentors
- Fixed a couple of small mistakes we made in our solar cost analysis

Pending Issues

- Work on final revisions of the design document according to feedback from our TA
- Start working on trench fill design document
- Work on team website

Plans for Upcoming Reporting Period

- Finish the semester strong not just in senior design, but also in classes across the board
- Meet again with our mentors again
- Complete final tasks for the fall senior design semester
